

# Charisma

We pity not —  
He who is stubborn.  
We adore his strength  
His honor  
His courage  
His perseverance

He is a good friend  
A bad enemy

We follow almost blindly  
His stubbornness  
Until it is directed toward us.  
How horribly dogmatic  
He now becomes

We find,  
He like us  
Does not see very well
